

SCHOOL TRANSPORT

1. School Transport is compulsory for all students, except those who reside in areas in the vicinity / walking distance of the school. No other reason like distance from the nearest bus stop, family/health concerns or any such issue will be considered to allow 'supervision'.
2. Weightage Points are awarded if school transport is chosen. No change to "supervision" will be permitted after admission is granted, as this would imply being unfair to candidates who do not opt for school transport at the time of Registration. Seeking change from school transport to "supervision" would result in withdrawal of the offer of admission, if your child has been selected. In case you request for "supervision" after admission, the admission of your ward will be cancelled.
3. Even if another sibling, who is already studying in our school, is commuting under "supervision", "supervision" may not necessarily be granted to the child seeking admission.
4. You have to choose only the bus stop appropriate for your child. Please refer to the list of bus stops given in the link titled "Transport" under "About Us" on our website. Due to technical reasons, the drop-down menu on the Bus Stop Preference in the Registration Form may show unlisted bus stops. Such unauthorised bus stops, even though appearing in the drop-down list, will not be allocated.
5. In case of "supervision", if the vehicle transporting your ward(s) is found violating any of the rules laid down by appropriate authorities, we are required by law to report the vehicle to the appropriate authority. You shall then have to begin using school transport or an alternative mode of transport which is safe, legal and conforms to the prescribed rules.
6. Bus Stops are created taking into consideration a range of issues like number of students at a particular Stop, convenience of larger number of school transport users and turnaround time for school buses. The school reserves the right to create, cancel or relocate a particular bus stop. Hence, your requests in these matters, though welcome, may not be found implementable by the school authorities. You need to appreciate that the school has the welfare of the larger student community in mind while taking such decisions and persistent pestering of school authorities in such matters is not welcome.

SCHOOL FEES

(Also refer link titled "Fee Structure" under "Admissions" on our website.)
